

Since 1933, Preston Phipps Inc., has been a leader in the representation of building mechanics products across Canada.

We are currently looking for a dynamic and motivated person to fill a position of technical representative for external sales for the Dartmouth, NS region and its surroundings. The main mandate will be to support consulting firms, contractors and owners in order to find technical solutions to meet their needs.

Required skills:

- Excellent communicator
- Great autonomy
- Sense of initiative
- Very good organization of time and priorities

Requirements:

- BAC in mechanical engineering or DEC in building mechanics
- Strong knowledge in plumbing and ventilation systems (industrial and institutional)
- Sales experience in building mechanics and / or in a related market would be an asset.

Preston Phipps Inc. offers candidates a dynamic environment, advancement opportunities, competitive salaries and excellent benefits.
